EXPERIENCE

Employment

UX Design Lead at ThyssenKrupp Materials NA

Feb, 2016 - Present

Working with international teams involved with brand identity, while implementing new agile roadmaps. SAP/ERP data integration with web and native internal applications for B2B & B2C solutions. Focused on user profiling, behavioral maps, flowcharts, interaction & UI design, front end development, and conducting design sprints for multi-tiered projects.

UI Designer at Real Integrated

Nov, 2014 - Dec, 2015

As a client-facing designer, I guided the information gathering and design process for a number successful of web applications. Using aspects of both Agile and Lean UX principles, I ensured consistent design language and brand alignment, while maintaining focus on user center design.

Web Design Specialist at CDK Global

April, 2013 - Oct, 2014

Provided original content in adherence to OEM (GM, GM Canada, Chevrolet, Buick, Cadillac, Lexus, Hyundai, Volkswagen, BMW and Ford) guidelines. Specialized in Agile UI/UX solutions between OEM and Tier One (1) companies, and maintaining hybrid mobile application integrity. In-House CMS/CRM bug reporting and solutions team.

Web Content Manager at Ruth Olson Photography

Mar, 2010 - Mar, 2013

Responsible for developing the voice for all aspects of the company's online presence. In addition to writing, editing, and proofreading site content, I also worked closely with the creative team to maintain standards with regard to new development.

Awards

2016 Gold Stevie International Business Award

The Burns & Wilcox Insurance website, designed while at Real Integrated, was the recipient of the Gold Award for Website Design under the Creative & Communications Media category. The team at Real Integrated definitely contributed to that end, and we're proud of the final product.

CHARACTER

Interest

Graphic Design, Web Design, Music Production, 3D Animation and Visual FX.
